

HOW ENTREPRENEURIAL ARE YOUR ACCOUNTANTS?

Take the challenge below to see how many ticks you would give your accountants:

Do you have accounting dashboards, key financials available in real time?

☐

Do your accountants actively assist you to make more profit?

☐

Do your accountants understand the advantages of using a group structure?

☐

Do your accountants work on minimising your tax bill but don't consider any upcoming funding requirements?

☐

Do your accountants think about your long-term vision?

☐

Do your accountants encourage you to buy and sell businesses?

☐

Do your accountants show you how to buy properties tax efficiently?

☐

Do your accountants help set budgets and have systems to ensure you hit them?

☐

Are your accounting systems streamlined and automated, with little or no manual bookkeeping required?

☐

Do your accountants think and speak like an entrepreneur?

☐

SO, HOW DID YOUR ACCOUNTANTS SCORE?

0-4

Are you working with an accountasaurus?

5-7

They might not be pre-historic, but are they cutting edge? Your business deserves nothing less!

8-10

They sound like great accountants but are they fun? Would they dress up as a dinosaur to get people's attention?

ACCOUNTASAURUS

(300BC to date):

LIKES:

- Their own systems & processes
- Detail, detail, detail
- Leaving everything until the deadline
- Completing a time sheet

DISLIKES:

- Change
- Giving a clear answer
- Solving problems
- Creative thinking
- Anything outside their comfort zone
